Notes

If you have any queries about sending your films to us or the services you require then please don't hesitate to contact us.

Please note-

The "Develop and WeTransfer files" service is our way of sending the digital files from your negatives straight to your email address. If you choose this service, once we have sent you the files you will receive an email from WeTransfer asking you to download the files we have sent you.

A postage surcharge will apply if there is a large number of films, this will be confirmed at time of payment.

If you do not require your negatives back after Develop and WeTransfer, please let us know and we can arrange for them to be destroyed (to save return postage).
